Hello, my name is Patricia King, and I reside in Charlotte, NC. Mrs. Vantoinette Savage is not only a Family Child Care provider but also holds the esteemed position of N.C. State Representative for Family Child Care Providers throughout our state. She has been a remarkable mentor, trainer, and provider of essential resources to 1200 providers regarding children with Autism, Down Syndrome, and ADHD.

Before Mrs. Vantoinette Savage began her invaluable work, many family child care providers, including myself, lacked the knowledge and tools to effectively support families facing these disabilities. Through her free resource classes and distribution of educational materials, she has equipped us with the understanding needed to navigate the challenges of today's world.

Mrs. Savage has pioneered the introduction of crucial services such as physical therapy, behavior therapy, and speech-language therapy to aid providers in addressing diverse types of disabilities. Her advocacy extends beyond mere education; she actively fights for the rights of our communities across North Carolina.

In my opinion, there is no one more deserving of recognition than Mrs. Savage for her tireless efforts to ensure that every child and family has access to the resources necessary for a better life. Her dedication and commitment are unwavering, and she continues to push forward until every child's needs are met. She is the best candidate for this award, and I'm praying that this nominating board sees a fit to give Mrs. Savage the praise that she deserves.

Thank you

Mrs. Patricia King
